Each Breeders' Cup Classic Future wager, each Breeders' Cup Sire Future Wager, Breeders' Cup Juvenile Future Wager, Breeders' Cup Turf Future Wager and Breeders' Cup Distaff Future Wager is a win wager only and each pool shall be a separate and independent calculation. The distribution of winning wagers will be made following the official results of the 2018 Breeders' Cup as applicable. The minimum wager shall be Two Dollars (US \$2).

Each of the wagers within the three (3) Breeders' Cup Future Wager pools shall be comprised of up to twenty-four (24) betting interests. The top twenty-three (23) betting interests shall be determined by the Breeders' Cup committee and listed alphabetically. The number twenty-four (24) betting interest shall represent the mutuel field. Notwithstanding the foregoing, each wager may be less than twenty-four (24) betting interests and if such occurs, the last betting interest shall represent the mutuel field. In the Breeders' Cup Classic, Turf and Distaff Future Wagers, that 24th wagering interest includes all other horses not listed among the 23 individual horses in that respective pool. No refunds will be issued. All wagers are final once the patron has left the window. Career-ending injuries, death and failure to start are not subject to refunds. If Churchill Downs Racetrack, LLC and Breeders' Cup Limited definitively determines, either prior to or during a pool, that an injury or other circumstance would prevent a wagering interest from participating in the Breeders' Cup wagering on that horse will be immediately suspended. No refunds will be issued for wagers on the suspended wagering interest.

Notwithstanding the above, in the event the 2018 Breeders' Cup is not run or does not produce an official winner, all wagers in the Breeders' Cup Future Wagers and Breeders' Cup Sires Future Wager shall result in a refund.

All calculations and payoffs for the Breeders' Cup Future Wagers shall be governed by the Kentucky Racing Laws and Rules. Each pool shall be separately and independently calculated and distributed. Takeout shall be deducted from each gross pool as stipulated by law. The remainder of the monies in the pool shall constitute the net pool for distribution as payoff on winning wagers.

The amount wagered on the betting interest which finishes first is deducted from the net pool, the balance remaining being the profit. The profit is divided by the amount wagered on the betting interest finishing first, such quotient being the profit per dollar wagered to win on that betting interest. The net pool shall be distributed as a single price pool to winning wagers in the following precedence, based upon the official order of finish:

- (a) To those whose selection finished first; but if there are no such wagers, then
- (b) To those whose selection finished second; but if there are no such wagers, then
- (c) To those whose selection finished third; but if there are no such wagers, then
- (d) The entire pool shall be refunded on Win wagers for that contest.

If there is a dead heat for first involving:

- (1) Contestants representing the same betting interest, the pool shall be distributed as if no dead heat occurred or
- (2) Contestants representing two or more betting interests, the pool shall be distributed as a profit split.

Scratches. If any betting interest is scratched, declared a non-starter or otherwise officially withdrawn or not entered in the event on which a Futures Pool is based, there will be no refund of monies wagered on that betting interest.

Other Circumstances. Should circumstances occur which are not foreseen in this section, questions arising shall be resolved in accordance with general pari-mutuel practice and at the reasonable discretion of Churchill Downs Racetrack, LLC and Breeders' Cup Limited, with the agreement of the stewards and the KHRC.
