Churchill Downs Race 8

RACE DECLARED NO CONTEST

A Stewards Inquiry was posted shortly after the start when it was apparent that there had been a serious malfunction of the starting gate. All stall doors opened sporadically. After reviewing the replay of the start, interviewing the starter and each rider, the stewards determined that the race would be declared a NO CONTEST as the starting gate malfunction impacted the start of the participants who were all precluded from obtaining a fair start. The mutuels department made the proper refunds.
