Wagering:

A contestant receives a contest-wagering card with a confidential personal account number. Wagers may be made at any F4 (newer model) self-service machine on the property or any Bet Pro monitor.

Players must place all wagers personally. No person shall directly or indirectly act as an intermediary, transmitter or agent in placing wagers for the player, unless authorized by Churchill Downs and for good reason shown. Need not be present to win (contestants may place wagers for all races at the official start time and inquire about results at a later time.)

United Tote's computer will track each contestant's account balance. When a wager is made, the amount is automatically deducted from the contestant's account. Contestants will receive an unofficial "tote ticket" when they place a wager. This ticket is a receipt, intended only to help the contestant keep track of his/her contest wagers. Contestants should hold on to all tickets until the end of the contest. Should any questions arise regarding individual accounts; the "tote tickets" will be needed to verify the accounts. "Tote tickets" cannot be used to access an account, only the personal account number indicated on the contest card can access account information. Tickets are non-transferable.

Contestants are urged to check their tickets for accuracy before leaving the mutuel window. Once betting is closed for a particular race, contestants will not be allowed to wager or make any changes to previously made wagers on that race for any reason whatsoever, including without limitation error, mistake, misunderstanding, technical difficulty, equipment failure, or any other cause of whatever nature.

Scratches:

If a horse is scratched after a wager is placed, it is the player's responsibility to change his/her selection prior to the race subject to all other contest wagering rules.

Standings:

Current contest standings and account balances will be posted after each race in the Gold Room, and other locations throughout the facility. The contestants with the highest account balance at the conclusion of the tournament will be declared the winner.

Ties:

In a result of a tie between any of the top eight finishing positions, the prize money will be divided equally among the players involved. If there is a tie for 2nd and 3rd place, a fully paid BCBC spot Championship berth, the player with the most money earned in the Stephen Foster Handicap will be declared the winner. If there is still a tie, the most money earned in the Fleur De Lis stakes will be declared the winner.

Other Rules:

If Churchill Downs should run four or more races that day, the prizes will be awarded for the contest. **If Churchill Downs should cancel racing or run three races or fewer, entry fees will be refunded and the contest cancelled, with the contestants' remaining bankroll returned.**
