Why are Turf Club guest coupons not available for online forwarding?
To ensure accurate tracking and billing of a member’s redeemed coupons, online coupons are not available for forwarding. The member should download the coupon as a print-at-home pdf ticket, and then email the pdf to a friend for venue and Turf Club entry. The member may also hand deliver the pdf ticket or a coupon from the pre-printed coupon book.

Why are certain Turf Club guest coupons not available for printing?
Possible reasons include:
- The tickets or the season ticket package has not yet been paid in full.
- The event or type of coupon is not eligible for print-at-home.
- The barcodes for the event have not yet been established by the box office.
- There may be a print delay on the event. If so, the event will have a print ready date.
- The coupon has already been redeemed for venue and/or Turf Club entry.

I cannot view Turf Club guest coupon barcodes or QR codes on the Churchill Downs Racetrack app.
- All coupon printing must be managed through a desktop internet browser in order to print-at-home the pdf ticket for guest entry.
Why will my print-at-home Turf Club guest coupons not open on the computer after download?
Possible reasons include:
• Your computer must have Adobe Acrobat Reader 4.0 or higher or another PDF reader application to view the guest coupons.
• Your PDF reader is out of date and must be updated (visit Adobe’s website for a PDF reader free download).
• Your computer may not have enough memory.
• Your computer software may be out of date to support Adobe or other PDF reader applications.
• Ensure your printer also has enough memory and is up to date on software patches to be able to print the PDF.

Why don’t I see my print-at-home Turf Club guest coupons after I click the “print” button on my desktop computer?
Possible reasons include:
• Navigate to your computer’s download folder to find the pdf file of the guest coupons.
• Your internet browser could have pop-up window blocks turned on or the security level is too high.

I printed a Turf Club guest coupon more than once. Each coupon has the same barcode. Will all coupons be allowed into the venue?
• If all guest coupons have the same barcode and seat location, the first ticket scanned with that barcode will be the only coupon allowed into the venue.
• If you lose a guest coupon, it is recommended that you reprint that guest coupon and check the box to generate a new barcode.
• You can change your barcode up to 5 times.
